CAUSE NO. 44437

KYLE DOUGLAS MORING,	§	IN THE DISTRICT COURT OF
Petitioner,	§	
	§	
v.	§	TITUS COUNTY, TEXAS
	§	
CITY OF MOUNT PLEASANT, TEXAS,	§	
Respondent.	§	76th JUDICIAL DISTRICT

PETITIONER'S REQUEST FOR EXPEDITED HEARING OR SUBMISSION ON FIRST AMENDED PETITION FOR WRIT OF MANDAMUS

Petitioner Kyle Douglas Moring respectfully requests that the Court set Petitioner's First Amended Petition for Writ of Mandamus for hearing or submission at the earliest available date permitted by the Court's calendar, and shows the Court as follows:

1. Respondent City of Mount Pleasant, Texas has been served and has appeared through counsel.

2. Respondent filed its Original Answer on July 6, 2026, generally denying Petitioner's allegations and placing the pleaded issues in dispute.

3. Petitioner has filed a First Amended Petition for Writ of Mandamus under Texas Government Code § 552.321. The First Amended Petition concerns public-information disputes, alleged incomplete production, compliance with Attorney General rulings, search adequacy, source-record accounting, temporary-custodian records, electronic-format production, and related verified-declaration relief.

4. Petitioner previously contacted the Court Coordinator on July 6, 2026, copying Respondent's counsel, to ask whether the Court preferred a formal request for hearing or coordination through the coordinator's office. As of the filing of this Request, Petitioner has not received further scheduling instructions. Petitioner files this Request to place the scheduling issue formally before the Court and to avoid further delay.

5. The requested setting is time-sensitive. Petitioner is the complainant in a related OSHA whistleblower matter, and on July 7, 2026 the OSHA investigator informed Petitioner that his matter is in the active queue and could become active at any time. Because the public records at issue in this mandamus may be material to that proceeding, delay in resolving the production disputes may prejudice Petitioner's ability to use responsive records once the OSHA matter activates. Petitioner does not ask this Court to adjudicate the OSHA matter and raises its timing only to explain the need for prompt resolution here.

6. Related administrative review has also been deferred to this mandamus action. The Office of the Attorney General's Open Records Division closed administrative complaint file OR-25-055840-IC after noting this pending lawsuit and stated it would allow the trial court to resolve the issues raised; Petitioner has separately filed notice of that closure. In addition, on July 7 and 8, 2026, the Office of the Attorney General's Criminal Prosecutions Division informed Petitioner that its review under Texas Government Code § 552.3215 (File No. L260017200), including its review of Petitioner's supplemental certification materials, is likewise being closed or suspended in deference to this mandamus action. Both administrative review tracks have therefore deferred to this Court, making this mandamus action the active forum for resolving the public-information disputes pleaded in this case.

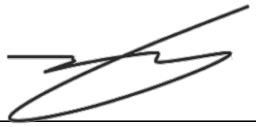

7. Petitioner therefore requests that the Court set the First Amended Petition for hearing or submission at the earliest available date or alternatively enter a scheduling order establishing any response deadline, briefing schedule, and hearing/submission date the Court deems appropriate.

8. Petitioner is not requesting legal advice, an ex parte merits ruling, or relief without notice to Respondent. This request is being served on Respondent's counsel through the electronic filing manager.

PRAYER

Petitioner respectfully requests that the Court set Petitioner's First Amended Petition for Writ of Mandamus for hearing or submission at the earliest available date or enter any scheduling order the Court deems appropriate. Petitioner further requests all other relief to which he may be entitled.

Respectfully submitted,

Kyle Douglas Moring

Petitioner, Pro Se
