Mr. Richardson,

The request #20 resulted in over 3000 pages of responsive information, the vast majority of which consists of emails from Mr. Moring to various city officials, including the city attorney email addresses. Maybe 1% of the responsive information consists of attorney-client privileged communications, which I've completed identifying and separating to seek an OAG ruling to withhold. That ruling request will be submitted this evening and the remaining responsive information will be made available to Mr. Moring.

Based upon the volume of his requests and refusal to exclude attorney-client privileged communications, this particular request has simply taken time to sift through. I will provide you with a copy of the OAG ruling request and email to Mr. Moring providing the remaining records (which are emails that he already has, because he sent them) this evening.

Regards,

Austin Beck

Mr. Beck,

I wanted to check in with you to see if you had an update for the request concerning the DTRG communications (#20 on the spreadsheet).

I believe I am getting close to being able to complete the final determination with this remaining information.

Thank you again for your help.
