Please also include **(903) 572-4686**, as this number is associated with Chief Buhman and falls within the scope of City-managed MPPD lines.

CAUTION: [EXTERNAL EMAIL]

Please disregard the last records request. I made it unnecessarily complicated. I am providing the update records request - same type of records, just made it to where it would be easier to search/filter the logs based by phone number and timeframe. If it is under $40, you have my approval to proceed.

Pursuant to the Texas Public Information Act (Tex. Gov't Code, Chapter 552), I request access to and copies of public information described below.

Timeframe (Central Time): **October 14, 2025 (8:00 AM) through October 23, 2025 (5:00 PM)**

Records Requested:

1. For any City-managed phone line, extension, or number used by the Mount Pleasant Police Department (including administrative lines and CID lines), please produce the Call Detail Records (CDRs) and/or call history logs showing calls made to or received from the following phone numbers:

- [redacted]
- [redacted]
- [redacted]
- [redacted]
- [redacted]
- (903) 572-0018
- [redacted]
- [redacted]

For each responsive call entry, please include (to the extent maintained): date, time, duration, call direction (incoming/outgoing/missed), the City line/extension involved, and the dialed/received number (redactions permitted if required by law).

Format and Delivery:

Please provide the responsive records electronically in CSV, Excel, or PDF format (native export preferred if available).

If No Responsive Records:

If you contend there are no responsive records, please identify the specific systems searched (provider CDR portal, PBX/VoIP platform, etc.), the MPPD lines/extensions included in the search, and the search method used (time filters and number matching).

Cost Estimate:

If the estimated charges will exceed $40.00, please provide an itemized written cost estimate before incurring charges so I may narrow the request if needed.

Please confirm receipt of this request in writing. If clarification is needed, I am available to narrow or refine the request.

With gratitude,

Kyle Moring
