Mr. Beck,

I write to follow up on my response to the City's August 15, 2025 § 552.2615 cost estimate for my July 31, 2025 Public Information Act request.

On August 15, 2025, I elected the least-cost electronic method, proposed phased narrowing (Phase A export; Phase B targeted packets; Phase C inspection), and requested a revised, itemized estimate compliant with § 552.2615 and 1 TAC ch. 70. I have not received a confirmation or a revised estimate.

Kindly:

1. Confirm receipt of my election/narrowing;
2. Provide the revised, itemized estimate reflecting electronic production and the Phase A system export (fields: permit #, application/issue dates, address, applicant/contractor, description, declared valuation, fees assessed/paid);
3. State the date-certain for delivering Phase A on a rolling basis; and
4. If a deposit is required under § 552.263, specify the amount and calculation after applying the least-cost approach.

If any portion will be withheld, please identify the specific § 552 exception(s) and provide the AG request date and tracking number consistent with § 552.301. I remain available to confer under § 552.222 to clarify or further narrow, if needed.

Please respond by Tuesday, August 26, 2025. Thank you.

With gratitude,

Kyle Douglas Moring
