CAUTION: [EXTERNAL EMAIL]

Please disregard the last records request. I made it unnecessarily complicated. I am providing the update records request - same type of records, just made it to where it would be easier to search/filter the logs based by phone number and timeframe. If it is under $40, you have my approval to proceed.

Pursuant to the Texas Public Information Act (Tex. Gov't Code, Chapter 552), I request access to and copies of public information described below.

Timeframe (Central Time): **October 14, 2025 (8:00 AM) through October 23, 2025 (5:00 PM)**

Records Requested:

1. For any City-managed phone line, extension, or number used by the Mount Pleasant Police Department (including administrative lines and CID lines), please produce the Call Detail Records (CDRs) and/or call history logs showing calls made to or received from the following phone numbers:

- (972) [redacted]
- (903) [redacted]
- (903) [redacted]
- (903) [redacted]
- (214) [redacted]
- (903) 572-0018
- (903) [redacted]
- (479) [redacted]

For each responsive call entry, please include (to the extent maintained): date, time, duration, call direction (incoming/outgoing/missed), the City line/extension involved, and the dialed/received number (redactions permitted if required by law).

Format and Delivery:

Please provide the responsive records electronically in CSV, Excel, or PDF format (native export preferred if available).

If No Responsive Records:

If you contend there are no responsive records, please identify the specific systems searched (provider CDR portal, PBX/VoIP platform, etc.), the MPPD lines/extensions included in the search, and the search method used (time filters and number matching).

Cost Estimate:

If the estimated charges will exceed $40.00, please provide an itemized written cost estimate before incurring charges so I may narrow the request if needed.

Please confirm receipt of this request in writing. If clarification is needed, I am available to narrow or refine the request.

With gratitude,

Kyle Moring

CAUTION: [EXTERNAL EMAIL]

Ms. Webster,

I am writing to request a status update on my Texas Public Information Act request submitted on December 04, 2025, at approximately 11:33 a.m., seeking Call Detail Records (CDRs) and/or call history logs for City-managed phone lines used by the Mount Pleasant Police Department for the period October 14, 2025 (8:00 a.m.) through October 23, 2025 (5:00 p.m.) Central Time.

To date, I have not received the requested records, a written production schedule, or a written cost estimate. As stated in my request, you have my approval to proceed if the total cost does not exceed $40.00. If the estimated charges will exceed $40.00, please provide an itemized written cost estimate before incurring charges so I may narrow the request if needed.

Because this request is narrowly limited by timeframe (and, in Option A below, by specific external phone numbers), and because the City has previously produced similar call log exports electronically in spreadsheet format, I respectfully request prompt production of the responsive records. If production cannot be immediate, please provide written confirmation of the earliest date the City will produce the records.

To reduce cost and avoid delay, I will accept **whichever of the following production methods is less costly and faster for the City**:

1. **Option A (as requested):** Produce call logs responsive to the listed external phone numbers within the specified timeframe, **or**

2. **Option B (alternative):** Produce a **complete call log export** for all City-managed MPPD lines (including administrative and CID lines) for the same timeframe **without filtering by the eight external numbers**, and I will conduct the filtering/search myself after production.

If the City believes Option B is less costly, please proceed with that approach (subject to the same $40.00 approval threshold), or provide a written, itemized estimate if the cost would exceed $40.00.

If the City contends that no responsive records exist, please provide the written statement requested in my submission identifying: (1) the specific systems searched, (2) the MPPD lines/extensions included, and (3) the search method used (including time filters and number matching).

Please confirm receipt of this status inquiry and advise which production option the City will use and the expected production date.

With gratitude,

Kyle Moring

CAUTION: [EXTERNAL EMAIL]

Ms. Webster,

Thank you for your update.

Because today, **December 18, 2025**, is the **10th business day** following my December 04, 2025 Texas Public Information Act request, I request **immediate production** of the responsive records, or written confirmation of the specific statutory basis for any continued withholding or delay (including whether the City has timely sought an Attorney General ruling, if applicable).

If any portion of the records is available now, please provide it on a rolling basis, without waiting for all materials from the provider.

To reduce cost and expedite production, please proceed using whichever approach is **least costly and fastest** for the City/provider:

1. A filtered export responsive to the eight external numbers within the requested timeframe.
2. A complete call log export for the same timeframe for all City-managed MPPD lines (including administrative and CID lines) without number filtering, and I will perform the filtering myself after production.

Please confirm: (1) which system/provider is being queried, (2) which MPPD lines/extensions are included, and (3) the expected production date/time. If production will not occur today, please provide a written explanation identifying the reason and the precise date the City will produce the records.

With gratitude,

Kyle Moring

If you contend there are no responsive records, please identify the specific systems searched (provider CDR portal, PBX/VoIP platform, etc.), the MPPD lines/extensions included in the search, and the search method used (time filters and number matching).

Cost Estimate:

If the estimated charges will exceed $40.00, please provide an itemized written cost estimate before incurring charges so I may narrow the request if needed.

Please confirm receipt of this request in writing. If clarification is needed, I am available to narrow or refine the request.

CAUTION: [EXTERNAL EMAIL]

Please disregard the last records request. I made it unnecessarily complicated. I am providing the update records request - same type of records, just made it to where it would be easier to search/filter the logs based by phone number and timeframe. If it is under $40, you have my approval to proceed.

Pursuant to the Texas Public Information Act (Tex. Gov't Code, Chapter 552), I request access to and copies of public information described below.

Timeframe (Central Time): **October 14, 2025 (8:00 AM) through October 23, 2025 (5:00 PM)**

Records Requested:

1. For any City-managed phone line, extension, or number used by the Mount Pleasant Police Department (including administrative lines and CID lines), please produce the Call Detail Records (CDRs) and/or call history logs showing calls made to or received from the following phone numbers:

- (972) [redacted]
- (903) [redacted]

- (903) [redacted]
- (903) [redacted]
- (214) [redacted]
- (903) 572-0018
- (903) [redacted]
- (479) [redacted]

For each responsive call entry, please include (to the extent maintained): date, time, duration, call direction (incoming/outgoing/missed), the City line/extension involved, and the dialed/received number (redactions permitted if required by law).

Format and Delivery:

Please provide the responsive records electronically in CSV, Excel, or PDF format (native export preferred if available).

Good morning, Mr. Moring,

Your request on December 5, 2025, titled "Texas Public Information Act Request – Call Detail Records (CDR/PBX) for MPPD Lines (10/20–11/03/2025)" will result in a $15 charge for staff time working with the provider to get information on all lines requested. CAUTION: [EXTERNAL EMAIL]

Please disregard the last records request. I made it unnecessarily complicated. I am providing the update records request - same type of records, just made it to where it would be easier to search/filter the logs based by phone number and timeframe. If it is under $40, you have my approval to proceed.

Pursuant to the Texas Public Information Act (Tex. Gov't Code, Chapter 552), I request access to and copies of public information described below.

Timeframe (Central Time): **October 14, 2025 (8:00 AM) through October 23, 2025 (5:00 PM)**

Records Requested:

1. For any City-managed phone line, extension, or number used by the Mount Pleasant Police Department (including administrative lines and CID lines), please produce the Call Detail Records (CDRs) and/or call history logs showing calls made to or received from the following phone numbers:

- (972) [redacted]
- (903) [redacted]
- (903) [redacted]
- (903) [redacted]
- (214) [redacted]

- (903) 572-0018
- (903) [redacted]
- (479) [redacted]

For each responsive call entry, please include (to the extent maintained): date, time, duration, call direction (incoming/outgoing/missed), the City line/extension involved, and the dialed/received number (redactions permitted if required by law).

Format and Delivery:

Please provide the responsive records electronically in CSV, Excel, or PDF format (native export preferred if available).

If No Responsive Records:

If you contend there are no responsive records, please identify the specific systems searched (provider CDR portal, PBX/VoIP platform, etc.), the MPPD lines/extensions included in the search, and the search method used (time filters and number matching).

Cost Estimate:

If the estimated charges will exceed $40.00, please provide an itemized written cost estimate before incurring charges so I may narrow the request if needed.

Please confirm receipt of this request in writing. If clarification is needed, I am available to narrow or refine the request.

With gratitude,

Kyle Moring

Subject: Re: Texas Public Information Act Request – Call Detail Records (CDR/PBX) for MPPD Lines (10/20–11/03/2025)

CAUTION: [EXTERNAL EMAIL]

Ms. Webster,

I want to clarify the scope and timeframe of my Texas Public Information Act request to ensure accurate and complete production.

My request seeks **call detail records for all City-managed phone lines used by the Mount Pleasant Police Department**, including administrative lines and CID lines, for the period **October 14, 2025 through October 23, 2025 (Central Time)**.

Please also include **(903) 572-4686**, as this number is associated with Chief Buhman and falls within the scope of City-managed MPPD lines.

I will accept **rolling production** to avoid further delay. Please begin by producing records for the following lines first:

- **903-572-4686**
- **903-575-4187**

The remaining responsive lines may be produced as they become available.

Thank you for your attention to this matter. Please confirm receipt and advise when the first rolling production will occur.

With gratitude,

Kyle Moring

Ms. Webster,

Thank you for the records provided.

I note that the production covers **October 20–November 3, 2025**, whereas my request sought records for **October 14–23, 2025 (Central Time)**. In addition, the file for 903-575-4185 appears to be blank.

Please advise whether records for the correct timeframe and for line 903-575-4185 exist and, if so, when they will be produced. If no responsive records exist, please provide the requested written explanation.

With gratitude,

Kyle Moring

Good morning, Mr. Moring,

Your request on December 5, 2025, titled "Texas Public Information Act Request – Call Detail Records (CDR/PBX) for MPPD Lines (10/20–11/03/2025)" will result in a $15 charge for staff time working with the provider to get information on all lines requested. CAUTION: [EXTERNAL EMAIL]

Please disregard the last records request. I made it unnecessarily complicated. I am providing the update records request - same type of records, just made it to where it would be easier to search/filter the logs based by phone number and timeframe. If it is under $40, you have my approval to proceed.

Pursuant to the Texas Public Information Act (Tex. Gov't Code, Chapter 552), I request access to and copies of public information described below.

Timeframe (Central Time): **October 14, 2025 (8:00 AM) through October 23, 2025 (5:00 PM)**

Records Requested:

1. For any City-managed phone line, extension, or number used by the Mount Pleasant Police Department (including administrative lines and CID lines), please produce the Call Detail Records (CDRs) and/or call history logs showing calls made to or received from the following phone numbers:

- (972) [redacted]
- (903) [redacted]
- (903) [redacted]
- (903) [redacted]
- (214) [redacted]
- (903) 572-0018

- (903) [redacted]
- (479) [redacted]

For each responsive call entry, please include (to the extent maintained): date, time, duration, call direction (incoming/outgoing/missed), the City line/extension involved, and the dialed/received number (redactions permitted if required by law).

Format and Delivery:

Please provide the responsive records electronically in CSV, Excel, or PDF format (native export preferred if available).

If No Responsive Records:

If you contend there are no responsive records, please identify the specific systems searched (provider CDR portal, PBX/VoIP platform, etc.), the MPPD lines/extensions included in the search, and the search method used (time filters and number matching).

Cost Estimate:

If the estimated charges will exceed $40.00, please provide an itemized written cost estimate before incurring charges so I may narrow the request if needed.

Please confirm receipt of this request in writing. If clarification is needed, I am available to narrow or refine the request.

With gratitude,

Kyle Moring

Mr. Moring,

I have to request this information from the phone provider, and it would generate a charge greater than $40 based on this request. Would you like to modify your request or keep it the same?
