Here are any SMS messages that I have between me and Carrie Mahon and Sgt. Beasley that morning. There are no other types of messages in my possession such as he requested.

I thought he cc'd you in this as well, but I guess he didn't. He has received the in-car & body cam videos for Beasley & Torres, the complete call sheet, and a copy of the CT. As far as what he's requesting from me, the only additional information would be radio recordings, which wouldn't be much. He mentions Mendoza, but Mendoza did not respond and was on an unrelated call at the time. I will wait to respond to him next week to give y'all time to look over the rest of his request for phone data etc.
