City-line records matching the Titus County DA number

September-November 2025 | Selected row reading copy | September 23, 2026

This is a transcription of selected workbook cells from the existing source audit, not an image of the original workbooks. The audit matched source-file hashes to production ZIP members. It found 25 matching row instances: 19 older-format rows plus 3 November rows repeated in two exports. The repeated export copies are counted once here, giving 22 distinct row records.

Eleven entries use the City Hall main number, 903-575-4000, as the originating number and 903-577-6726 as the dialed/terminating number. They occur on seven dates. The remaining entries use other City lines. A named-line label does not establish a physical office location or who spoke.

A row is not a verified conversation. Short and zero-duration entries are retained. Two same-end-time pairs may be duplicate records or legs of one call. Call subjects, caller identities, whether a call was answered, and relationships to other events are unknown.

Older source headings do not specify timezone. Their original timestamps are preserved; Central time is shown separately only if the original timestamps are UTC. November entries explicitly print CST and are not converted. Do not use these clocks to assert an exact sequence across independent systems.

Review coverage: all 22 entries come from the existing selected-row extraction and source-hash reconciliation. The 11 City Hall rows and their header were also visually checked. This derivative does not certify a full-workbook privacy review or complete telephone history.
