Good morning,

Yes. I am specifically requesting communications outside the scope of open case #2026-465.

Please process Request #R028790-032526 on that basis. If no responsive communications outside that scope exist, please confirm that in writing.

With gratitude,

Kyle Moring

--- Please respond above this line ---

Dear Kyle Moring,

We apologize for the confusion about the scope of your request. We need you to clarify your open records request.
We won't be able to respond to your request until we get more information from you. **Please clarify your request in writing.** The Public Information Act allows us to withdraw your request if you don't respond within 61 days. You can reply to this email to clarify your request.

What we need you to clarify
To the extent communications with the City of Mount Pleasant and/or the Mount Pleasant Fire Department concern the open investigation, we would not be able to release those to you. Are you specifically wanting communications outside the scope of open case #2026-465?

Questions?
Please reply to this email or call us at 512-676-6551.

Reference number: R028790-032526
