Subject: Status of August 2026 Open Records Request - DA Office Email Audit
Date: August 26, 2026 at 8:38 AM
To: Kyle Moring [redacted]

Mt. Moring:

I received on Friday, August 21, 2026, from Seth Bryan, a link containing the email audit performed by Bryan IT. We attempted to review the material for identifying information in the subject line that required redaction, but we were unable to perform that function. I contacted Mr. Bryan on Monday, August 24, 2026, to ask if he could search the email audit subject line by "DOB" and "Date of Birth" to enable redaction of the dates of birth we know are listed in several emails we sent and received during the time period specified in your request. Mr. Bryan contacted me yesterday in response to my email and informed me he would attempt to write a script to identify those email subject lines containing dates of birth in order to redact the date of birth mentioned in the subject line.

I will send you the email audit as soon as the necessary redactions of date of birth is accomplished.

Thank you,

Chuck Bailey
District Attorney
