Mr. Bailey,

I am following up again regarding my signed complaint under Texas Government Code § 552.3215(e) concerning the City of Mount Pleasant and OAG Letter Ruling OR2026-018153.

I submitted the complaint on August 13, 2026. You acknowledged receipt that afternoon and transmitted it to Austin Beck for review. I followed up on August 26 but, as of September 10, I have not received confirmation of the official filing date, a copy showing that date on the face of the complaint, or the written determinations required by § 552.3215(g).

Assuming August 13 is the official filing date, the statutory determination period is now at its conclusion. Please provide, no later than Monday, September 14:

1. Confirmation of the official filing date and a copy of the complaint showing that date on its face, as required by § 552.3215(f);
2. Your written determination whether the alleged violation occurred;
3. Your written determination whether your office will bring an action under § 552.3215; and
4. If your office has declined to act or identified a conflict, the written basis and returned complaint and supporting materials required by § 552.3215(h).

If your office considers a date other than August 13 to be the official filing date, please identify that date and the basis for it. If an action has already been brought, please provide the court and cause number.

Please let me know immediately if anything further is required from me to complete the record. I am not requesting disclosure of privileged communications or attempting to influence the substance of your independent determination; I am requesting the filing confirmation and written determinations prescribed by the statute.

Thank you for your prompt attention.

Respectfully,

Kyle Douglas Moring
