KM

Special Agent Kozeluh,

I am attaching a signed cover letter and a 95-page bookmarked evidence binder concerning EPA Tip 342051 / FY26-342051-3708 and the Tire & Lube Express work at Walmart Store #131 in Mount Pleasant.

The purpose is to help place the newly produced City records and related evidence with the correct EPA or partner-agency file. I am sending the same binder separately to Sarah Kirksey at TCEQ so the agencies can determine how the related complaint and investigative tracks connect.

The cover letter explains the evidence, its limitations, and the questions I am asking. The native video, original-format emails, photographs, Store 131 audio, body-camera video, and City-meeting recordings are available upon request. Please let me know if you would like any of those files and your preferred secure-transfer method.

Please confirm receipt when you can.

With gratitude,

Kyle Douglas Moring
