From: Kyle Moring [redacted]
Subject: Request for OGIS Assistance – EPA FOIA No. 2026-EPA-00386 and DOL FOIA Nos. 2026-F-03080 / 2026-F-03076
Date: February 12, 2026 at 8:12 AM
To: ogis@nara.gov

KM

Good morning,

I am requesting assistance from the Office of Government Information Services (OGIS) to help facilitate communication and resolution regarding multiple pending FOIA matters with federal agencies.

Requests at issue

1. **U.S. Environmental Protection Agency (EPA):** FOIA Request No. 2026-EPA-00386 (submitted October 16, 2025; acknowledged October 23, 2025).
2. **U.S. Department of Labor (DOL):** FOIA Request Nos. 2026-F-03080 and 2026-F-03076.

EPA background

- **January 15, 2026:** I submitted a written status inquiry to the EPA National FOIA Office regarding Request No. 2026-EPA-00386.
- **January 16, 2026:** EPA's National FOIA Office advised that the request was assigned to Deanna Bradford and that she would respond directly.
- **January 30, 2026:** I followed up with Ms. Bradford (cc: National FOIA Office), requesting confirmation of receipt, the current processing stage, and an estimated timeframe.
- **February 10, 2026:** I followed up with Ms. Bradford once again (cc: National FOIA Office), requesting confirmation of receipt, the current processing stage, and an estimated timeframe.
- **As of Thursday, February 12, 2026,** I have not received a substantive status update or an acknowledgment response from the assigned point of contact regarding the status inquiry/follow-up.

DOL requests

In addition, I am seeking OGIS assistance regarding DOL FOIA Request Nos. 2026-F-03080 and 2026-F-03076. These matters remain pending, and I would appreciate OGIS's help in obtaining clear status information and next steps for each request (including the current processing stage, assigned point of contact, and an estimated timeframe for determination and/or production). I can provide copies of my submitted requests and any related correspondence upon request.

Assistance requested

If possible, I would appreciate OGIS's assistance to:

1. Confirm the assigned FOIA point(s) of contact for each request (EPA and DOL)
2. Obtain confirmation of the current processing stage for each request (e.g., search, review, consultation)
3. Obtain a reasonable estimated timeframe for an initial determination and any anticipated interim/rolling productions
4. Identify whether any action is required from me to move processing forward (scope clarification, fee category/fee matters, or other requester input)

I am willing to narrow the scope and/or discuss staged productions if that would facilitate more efficient processing.

Consent to share and contact the agencies

By submitting this request, I consent to OGIS contacting EPA and DOL regarding these matters and sharing this correspondence and any supporting documents necessary for dispute-resolution/mediation purposes.

Thank you for your assistance.

With gratitude,

Kyle Moring
