KM

Ms. Han,

Thank you for the March 23, 2026 determination in Appeal No. 2026-EPA-03099. I appreciate the Office of General Counsel's review and understand that Region 6 will contact me regarding the remand. I am writing to ask whether you can assist with, or direct me to the appropriate contact for, a separate but related FOIA request that appears to have stalled.

Request No. 2026-EPA-00386, submitted on October 23, 2025, has remained in "Assigned for Processing" status for approximately five months without a substantive update. The request seeks EPA records from June 25, 2025 to present concerning the same Walmart facility and related enforcement matters. I have contacted both the Region 6 FOIA office and the National FOIA office multiple times and have not received a meaningful response.

Given the length of time this request has been pending, I would appreciate any assistance your office can provide in obtaining a status update or ensuring that the request is routed for prompt processing. In light of the remand in Appeal No. 2026-EPA-03099, I am concerned that Request No. 2026-EPA-00386 may also warrant attention.

If this issue should be addressed elsewhere, please let me know the appropriate point of contact.

Thank you for your time and attention.

With gratitude,

Kyle Douglas Moring
