Hi Kyla,

Thank you for reaching out to Central Registry. For any changes to RNs, a Core Data Form will be needed to submit Physically to our Agency or Electronically via STEERs.

I highly recommend the STEERs option as it is easier to submit multiple requests.

- https://www3.tceq.texas.gov/steers/
- Mail: TCEQ CR MC-144, PO BOX 13087, Austin, TX 78711-3087
- Overnight Mail: CR TCEQ MC-144, **12118 N. IH-35, Building E, room 101**, Austin, TX 78753
- Fax: 512-239-5181

Best Regards,
John Vu

Subject: County Correction Request – Please update listed facilities to Titus County (currently misattributed to Franklin County)

Good evening,

I am writing to request county-field corrections for the facilities listed below. Each site is physically located in Titus County, Texas, but is appearing in TCEQ and EPA public databases as associated with both Titus and Franklin County. I have already notified EPA of the same issue on their side; the list below represents all sites I have identified that still need to be corrected in TCEQ's Central Registry and any linked datasets.

Please update the County for each record to Titus County and, where applicable, coordinate with any internal geocoding/GIS layers so that the update propagates consistently. If any entry requires additional information from me, please let me know.
