KM

Mr. Murdock,

I am writing regarding FOIA Request No. 2026-EPA-02222 and Appeal No. 2026-EPA-03099.

EPA Region 6 previously advised that it anticipated providing a final response by July 6, 2026, and that interim responses would be provided as records became available. It is now Wednesday, July 8, 2026, and I have not received a final response, an interim production, or an updated estimated completion date.

Please provide an immediate status update, including:

1. Whether the supplemental search has been completed;
2. When EPA expects to issue its final response;
3. When EPA will produce responsive records or any additional interim production; and
4. Whether any portions of the request have been referred, transferred, or reassigned.

Please also confirm whether EPA still intends to produce responsive records identified through the supplemental search on remand without further delay.

With gratitude,

Kyle Douglas Moring

Mr. Moring,

You are correct, we are performing a supplemental search to cover all portions of the request identified in the appeal determination. We will notify you if parts of the request need to be transferred to another office or referred to another agency.

Thanks again,

James

Caution: This email originated from outside EPA, please exercise additional caution when deciding whether to open attachments or click on provided links.

Mr. Murdock,

Thank you for the update regarding FOIA Request No. 2026-EPA-02222 and Appeal No. 2026-EPA-03099.

I understand EPA Region 6 currently anticipates a final response by July 6, 2026, and that interim responses will be provided as records become available.

Please confirm that the supplemental search on remand covers the portions of the request identified in the March 23, 2026 appeal determination, including subparts 1, 2, 3, 5, and 6, and that I will be notified of any referrals or reassignments during processing.

If the July 6 date cannot be met, please provide an updated estimated completion date.

Sincerely,

Kyle Moring

Kyle Moring,

I am writing to you with an update on your FOIA request, 2026-EPA-02222 (FOIA Appeal 2026-EPA-03099).

We have expanded our search and are coordinating with those offices outside of EPA Region 6 that possess additional records not found in our initial search. We anticipate a final response date of July 6, 2026, and will provide interim responses as records become available. If we are unable to complete our response to your request by that date, we will contact you to discuss your request and provide you with updates.

Please feel free to reach out to me with any questions or concerns or to discuss your FOIA requests with EPA Region 6.

Thank you,

James
