Dear Mr. Moring,

Thank you for your continued communication with our office regarding OSHA's enforcement inspection at Walmart Store #131 and for the detailed materials you have provided throughout this process.

Our office has been in contact with the Department of Labor's congressional liaison regarding the concerns you raised. DOL has informed us that they have reviewed the information submitted and have taken the appropriate steps on their end consistent with their procedures. At this time, they have indicated that no further action from our office is required.

Given this update, we will now close our inquiry with the Department of Labor. Should OSHA have additional information to share, they will communicate with you directly through their established channels.

Thank you again for reaching out, please feel free to contact our office if you need assistance in the future.
