Mr. Moring,

The Texas Rangers have reviewed your correspondence dated December 30, 2025, requesting a public integrity review and the preservation of records related to matters involving the City of Mount Pleasant and the Mount Pleasant Police Department.

After careful review, the matters raised in your submission do not meet the Texas Rangers Public Integrity Unit's jurisdictional or intake criteria. The Texas Rangers do not have authority to adjudicate civil disputes, administrative complaints, or regulatory matters, nor to intervene in records-management or employment-related issues, absent an identifiable criminal violation within our jurisdiction.

The matters raised appear to involve civil, administrative, or regulatory issues, including disputes related to records requests, internal municipal procedures, and local law enforcement actions.

This determination does not address or resolve any ethics, administrative, or civil matters that may fall within the jurisdiction of other agencies or forums.

Respectfully,

Public Integrity Unit
Texas Rangers Division
Texas Department of Public Safety
