Odom’s account of DA contact

October 23, 2025 narrative context | Contact not separately timed

ORIGINAL NARRATIVE EXCERPT

> I went and spoke with District Attorney Charles Bailey

Attributed to Officer Cody Odom in the source report.

READING THE DATE

The preceding paragraph describes an interview on **October 23, 2025**. Odom then says that, after speaking with that person, he went and spoke with District Attorney Charles Bailey. The narrative next moves to an **October 24** follow-up.

DATE LIMIT

The account appears within the report’s October 23 sequence, one day after the trespass warning. **The DA conversation has no separate date or time.** The report-header date does not date that contact.

SOURCE AND TRANSMISSION

Mount Pleasant Police Department narrative, **PDF page 5 of 6** (Narrative, page 2). The saved report exactly matches the native email attachment.

FEB. 6, 2026	April Nipp sends the report and attachments to Charles Bailey.
APR. 5, 2026	Bailey forwards Nipp’s email and its attachments.

SCOPE AND LIMITS

Odom reports that he spoke with Bailey. This excerpt does not identify a matching telephone call or establish a connection to the trespass warning. Only the selected phrase is reproduced; the rest of the sentence and surrounding narrative are omitted.

Privacy: the full report, case identifier, private individuals’ identities and contact details, minor-sensitive narrative and underlying allegations are excluded.

The inquiry and Bailey's reply

To: Kyle Moring [redacted]

C

In brief, MPPD has consulted with me about this case. I requested that they continue to investigate and to provide me their report once completed.

Selected header and complete top-level reply. Quoted history omitted.

WHAT THE EXCHANGE ESTABLISHES

Kyle asks whether the matter was referred to the DA and seeks intake if it was not. Bailey confirms that MPPD had consulted him and says he requested continued investigation and a report when completed.

Bailey does not identify the officer or date the consultation. His reply does not establish that it was the same conversation Odom described.
